

B3 Mains-Fed Water Cooler

The B3 is a Direct Chill Mains-Fed Filtered Water Cooler, plumbed directly into your mains water supply. It features a large dispense area, allowing 500ml size bottles and jugs to be placed under the dispensing head. The B3 Direct Chill utilises innovative technology which chills water instantly, making it ideal for high demanding environments. The B3 Water Cooler features a touch-sensitive control panel, designed to significantly enhance hygiene for users. Completely flush with no buttons to harbour germs or other contaminants, it is easy to use to access instant chilled, filtered water.
