

## Instanta Sureflow 1000C Compact Hot Water Boiler

The Instanta Sureflow 1000C Compact Countertop Hot Water Boiler is an attractive, powerful, and durable automatic fill boiler designed to fit into smaller areas. With its huge 27 litre per hour dispensing capacity, the Instanta Sureflow 1000C Auto Fill Water Boiler is the ideal choice for small to medium demand sites. The powerful element quickly brings water up to the required temperature, allowing you to dispense water at the perfect serving temperature whenever its required. The 1000C is also highly efficient, thanks to the advanced insulated design which helps to retain higher temperatures for longer.

### Features
